Subject: Notice of File Closure, WW Clyde and Co., Piute Dam Quarry, S/031/008, Piute County, Utah

Dear Mr. Sumsion:

The Piute Dam Quarry small mining permit, file number S/031/008, located in Piute County, Utah, will now be closed and the file retired.

During the last inspection, it was determined that the site has been successfully reclaimed. On March 5, 2007, the BLM notified the Division that they were closing their file for the project and releasing the surety that was posted for reclamation.

The Division hereby releases you from further reclamation responsibility at this site. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice and surety for approval prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5258 or Lynn Kunzler at (801) 538-5310. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Susan M. White  
Mine Program Coordinator  
Minerals Regulatory Program
